Francesco Parisi S.p.A. (Introduction)

Francesco Parisi S.p.A. is a Shipping and Freight Forwarding Group of Companies established by **Mr. Francesco Parisi (1778-1813)** in Trieste and present in Central Europe since 1807.

Francesco Parisi (1778-1813)

Munich Branch at the end of '800

Until the First World War, Trieste was the main port of a vast economic region belonging to the Austro/Hungarian empire. Indeed, this fact helped Francesco Parisi group to expand its activities to Central Europe.

Over the years, Francesco Parisi Group has established business ties in the world's most important markets and covers Far East with its own joint venture office of Parisi Grand Smooth Logistics Ltd / PGS Logistics.

100th Anniversary of Francesco Parisi (1907)

Francesco Parisi S.p.A. Verice Branch, Italy 1950

The Company is controlled and managed from the origin by the Parisi family – now the eighth generation in business. The main feature of the Francesco Parisi Group is the tailor-made solution for every possible logistic requirement of its customers in the supply chain.

Head Office: Trieste, Italy

President & Managing Director: Dr. Francesco Stanislao Parisi

Airfreight

Airfreight has become an important factor in supply chain management in order to keep pace with the increasing demand of world-wide markets. **PGS** Logistics provides contracted block-space arrangements and dedicated airfreight solutions such as:

Priority Cargo Service

Understand that certain goods need faster / shorter delivery time, **PGS** Logistics will help you to tailor-make a more flexible and efficient shipping schedule as per their specific requirements.

Consolidation Services

PGS Logistics will offer you a variety of cost effective and time-saving air freight solutions to move shipments on a global extent, and also will offer regular and frequent flight schedules so you can select the most suitable one as per your own preferences and needs.

Door-to-Door Services

PGS Logistics has a global network to provide you a reliable Door-to-Door services.

Dangerous Goods

As a licensed IATA Cargo Agent, **PGS** Logistics has qualified to handle Dangerous Goods. The most experienced staff have attended the DG classes and passed through the examination, so they are officially qualified and well trained to take care of every aspect and process involved in Dangerous Goods arrangement.

"**PGS** Logistics handles urgent shipments
24 hours a day, 7 days a week and 365 days a year."

Ocean Freight

PGS Logistics offers comprehensive services for global delivery of port-to-port or door-to-door with quality shipping lines and the support of our world-wide agency network.

PGS Logistics has ongoing contracts with the major shipping lines – VIP listing with several carriers ensures available space for your cargo throughout the whole year.

PGS Logistics centralizes the sea freight procurement at one point for all Asian offices which allows the group to achieve the best possible rates and contracts from the leading shipping lines.

PGS Logistics is licensed NVOCC agent in Greater China and **PGS** House Bill of Lading is registered at the Federal Maritime Commission (FMC) of the U.S.

FCL – Full Container Load

The Parisi group handles a significant number of containers every year and the vast variety on commodities and routes provides **PGS** Logistics a special negotiation position with the shipping lines.

Port to Port or Door to Door Services

PGS Logistics has the knowledge to select the best possible transport mode to move your containers to the final destination – as MTO (Multi Modal Operator) **PGS** Logistics engages various mode of transport such as road / rail / and feeder transport services to achieve the most efficient container door to door rate.

LCL (Less than Container Load)

PGS offers own consolidation services to current key markets as India, Europe, Australia, North America and South America. With an own managed CFS warehouse, **PGS** facilitates safe storage, loading and handling of your merchandise.

Buyer's Consolidation Services

It is the management of multiple supplier consignments at origin "consolidation hubs" to reduce the number of smaller consignments and optimize transportations cost.

Non-Containerized / Break Bulk cargoes

Either shipments from or to Asia, **PGS** Logistics has the expertise and network to offer you quality break bulk service. Commodities as farm machinery, mining equipment, windmills, transformers, timber, steel, yachts, Vehicles or raw material packed in bundles, barrels or even unpacked/loose cement, grains ores etc are typical break bulk cargoes.

Import Logistics

Importing a single shipment or managing multiple shipments from various global suppliers, **PGS** Logistics knows how to optimize your costs and transportation time constraints.

Air Freight Import

Air freight worldwide within 2-4 days transit time to Hong Kong, Greater China, Taiwan and Vietnam. From 50kgs upwards, our rates can be more attractive compared to traditional courier companies and our import team ensures a flexible and personal service.

Ocean Freight Import (FCL or LCL)

Whether you need to import heavy merchandise such as tiles and construction raw materials or consumer products like wine and cosmetics, **PGS** Logistics import sales and customer service team in Hong Kong, Greater China, Taiwan and Vietnam will "tailor" the best possible solution and provide the safest route for your product, including the co-ordination of import customs and clearance process.

Special Commodity Import

Oversized cargoes as big machinery, raw material or temperature controlled goods. **PGS** Logistics has extensive experience to handle such commodities and our import departments provide technical and pricing advices.

Warehousing / Value Added Service

PGS Logistics manages 2 own warehouses in Hong Kong which has as duty free zone significant advantages as Import and distribution hub in Asia. Our warehouse are highly secured and provide services as :

Total Logistics Solution

- Supply Chain Management -
- 3PL services -

When it comes to the supply chain, knowledge and visibility are the true factors in controlling costs.

PGS Logistics has the capability to reduce your overall supply chain costs by managing your stock in Asia, maintain an inventory system and directly distribute your products to the final customers or logistics hubs. Local deliveries by own or subcontracted lorries and world-wide distribution by own Air or Sea Freight products or integrators.

Outsourcing of 3PL requirements can dramatically reduce the cost of holding and distribution stock and improve management, so our clients can focus on their core operation.

PGS Logistics can store your product, re-label and deliver with full reporting on stock on hand by reference number, lot number or serial number. All of our stock on-hand reports are able to be customized to suit your specific requirements. Our logistics centers can take over all invoicing and administrative duties, with easy and effective electronic transfer back to your operating system.
